

## Round 2 – The July 2017 LONELY Navigation Rally

Mark left Chris on his own to put this together, and it was a fun event! Nothing too untoward in the SR's so away we went. The ODO looked slightly dodgy – not telling us where it was - but we couldn't find any trap in this so continued... We drove past the opening CHECK A worrying about it though! And then finding an ODO CHECK later really put the wind up us – but as it happens, all good! We missed a sneaky "Smith St" sign, and the corresponding check for it, (over-rider = left at crossroads unless sign starts with S)! With the CRI full of obvious spelling mistakes, and undefined 1<sup>st</sup>'s and 2<sup>nd</sup>'s, we were kept quite busy, and with average speeds in the high 60's !!!! no time to do more than stick to your guns! [Note here from the Convenor.... Please try and keep average speeds down to around 60 or less please organisers !?] We were obviously still travelling too quickly, as we drove past CHECK M too! A very enjoyable event and with 10 cars out again for it, it shows the high standard of events being enjoyed by competitors. Well done Chris.
