

Round 3 – The July 2017 BANKS PENINSULA Trophy Navigation Rally

Allan put a lot of work into this Sunday afternoon event, which we have included in the 2016/7 annual rounds results as this annual event should have happened earlier in the calendar. Sadly, without an obvious checker, there were a few too many minor errors in this event for it to flow smoothly. The over-rider "right at signs with 'O' in them" worked well mostly, but a few NO EXIT signs were missed, and upset our rhythm. Again – average speeds were quite quick, and as the first section progressed, checking out O signs took its toll, and we got later and later! Fortunately, an organiser's error meant the final Control time was zeroed -saving our bacon! The second section looked to be quite fun – with an obvious 'go left 18 times' a highlight. Sadly, a misplaced CHECK board meant that this didn't work, and Allan's piece de resistance (a home-made CHECK) didn't get to be done, with some crews getting the 'come home its broke' phone call. A shame, as it was quite a complex piece of nav rallying which would have been fun. Another timely reminder that having a competent checking crew to capture these types of things is helpful. It is the second year in a row that organiser's errors on this event have forced a shortening!

The August Map reading has been designed to travel at a more leisurely pace – come and see for yourselves.
