## Manager's Report

Welcome to the September edition of the Canterbury Car Club Bulletin. It's great to be back at work after my holiday. As much as I love my new passion for travel, there's no place quite like home. I really enjoyed my time in Phuket, the only frustrating part of the trip was transiting through Hong Kong. Unfortunately, my flight from Hong Kong to Phuket was cancelled

due to the protests and strikes going on over there. This also meant they were incredibly short of staff, so the transfer desks were utter chaos. I had to stand in a queue for 7 hours, by the time I got to the counter, there were no more flights available to Phuket, so I decided to take up their offer of a flight to Bangkok and worked the rest out from there. Only problem was, that flight was still another 7 hours away. At the end of the day, I only lost a day to it all, so really didn't impact on the enjoyment of my holiday. I've come back feeling energised and ready to take on another season, so the holiday achieved its goal.

### Prize Giving

On Saturday 3rd of August we held the 2018-19 CCC Prize Giving in the Clubrooms. I was unable to attend this year's prize giving, but from all reports I've heard, it sounds like it was a great night. Congratulations to all our members who were awarded a trophy or certificate on the night. We may look to take it offsite next year, as the popularity of the event has meant we need a bigger venue.

### AGM

The CCC AGM was held on Monday 26th August. Thank you to all the members who turned up to support us. It was great to see a number of new members putting their hands up to go onto a committee. On the night we presented Dave Lee's Motorsport New Zealand Distinguished Service Award to the Lee Family. Earlier in the year I had the honour of accepting this award on their behalf at the MSNZ Awards night, so it was nice to finally present it to them. We also presented the following special awards:

**G W Hazeldine Challenge Cup – Outstanding Service to Motorsport: Presented to - Arran Hutton**  
Arran is on our recovery team; he helps out at all of our race meetings and is also a regular at the Woodford Glen Speedway. Thanks Arran for all the time and effort you put in on the recovery team.

**Mathew Willis Challenge Shield – Club Citizenship Presented to - Jonny Martin**

The Club Citizenship award is really about honouring a person who does good for the club and their actions have a flow on effect to other club members. Jonny received this award for all his hard work bringing the Street Meat drifting event to Ruapuna, so that our drifting members could have another cool drifting event to participate in. Well done Jonny.

**Committees Trophy – Service to a Committee Presented to - Ian McKee**

The club has a number of different committees and on them all are a passionate group of individuals. Those that get themselves on a committee, typically have a passion for their part of the sport they are involved in. Ian has put in an outstanding effort over the last year on the Navigation Rallies Committee. Prior to every event he is chasing up the competitors to remind them an event is coming up and after every event he follows up with another email with the results and some explanations of why certain things may have happened. Great work Ian.

**Presidents Cup - For Outstanding Service to Club Members Presented to – Aaron Smith**

Aaron has given up so much of his time and energy to the Club, he's at almost every race meeting we run. He's also a regular helper at our Speed Events. Over the time I've been involved with the club, I've recognised him as the kind of person who turns up and does his job. He always offers to help out with other jobs before the race meeting starts. At our race meetings, you will find Aaron in the jump seat of the IV Car. He's kitted out in fireproof suit and armed with an extinguisher. If your car ever catches on fire, especially on the first lap, then Aaron is the man you'll want to see. Luckily for us, Aaron skills are not called upon that often, so most of you will never get to see him. Thanks Aaron, well deserved.

Congratulations to the above people and on behalf of all the car club members, thank you for all you do. We simply couldn't run a successful club without the support of great people like yourselves.

### Volunteer Bowling Day

To thank our volunteers for all their hard work, we organised an afternoon of ten pin bowling on Sunday September 1st. Everyone who turned up had a fantastic afternoon. We gave away a number of spot prizes in preparation for the big volunteer prize draw for a trip for 2 to the Supercars on the Gold Coast, including \$1000 spending money. This year's lucky winner is Bevin Godfrey.

Congratulations Bevin on winning the prize, with all the work you have done over the years and your dedication as our Chief Clerk of the Course, you are a well-deserved winner. We look forward to hearing about your trip when you return. The key thing I took away from the bowling day was; we need to have more days like this throughout the year. It was nice to get together as a group outside of motorsport.

We've also started up a rewards scheme for the volunteers called "Flag Points". Every event a person volunteers at, gets them so many points. As their points accumulate, they can use them to purchase club merchandise. It's fair to say over the past few years, the club has put in a significant investment into volunteers, both financial and by creating a fun environment to be in. Volunteers are the one big resource that separates us from big business. We simply could not operate a successful club race track without them.

If we had to pay an hourly rate to every person involved with running an event, the cost of motorsport would go to a level most of us couldn't afford. The simplest and most cost-effective way to reward volunteers is for drivers to simply say thank you to them during or after a race meeting. I've witnessed a large number of Canterbury Car Club members already doing this, so keep up the good work, those two simple words can make a massive difference.

Finally, I'd like to say a big thank you to Ken Mackay for all his hard work over the past year. Ken joined our small team of staff last year and during his time has completed a number of jobs around the park. From making new tyre bundles for the track, electrical work, renovating the commentary room, setting up the new rescue utes and much, much more. It was the intention that Ken would eventually take over from Bryce,

but after a tough cold winter, Ken came to the realisation that his body wouldn't cope with winters at the park, so has gone back to being an appliance technician. At least with Ken we don't lose him completely, he will continue to be a volunteer at the club and will no doubt continue to help us with projects around the park. Thanks Ken, we wish you well for the future.

## Club Captain's Report

Time flies when you're having fun, or so the saying goes, I find time flies regardless of what I'm doing!

To that extent It's hard to think its September already, Winters on the way out and longer (and hopefully warmer) days are coming. This means the new season will be ramping up with plenty of events of every discipline to keep us busy, Check the calendar in the bulletin or website for the most up to date list of events, Mag and Turbo Winter Club Race day was on the 25th of August and if this is the tone set for the season then we are in a good place. It helped that the weather was brilliant, but we had an amazing turn out, a very full pit and great to see a large spectator turn out. The day had a good vibe to it, long may it continue!

Prize giving was held in the clubrooms on the 3rd of August and we nearly ran out of space, an enjoyable night even if we were packed in. We got 99% of the awards and trophies sorted with only two or three that we hadn't quite got on top of, we will get these last couple sorted and handed out.

The AGM was a quiet and quick night, we have a couple more people on some committees but otherwise all else remained the same. I was re-elected Club Captain, so you've got two more years of my ramblings to read! Thanks to those who have but you're name up to join a committee, the jobs not a hard one and the more people on the less work there is to do.

If you have an idea, thought or question, if you'd like to help in some way or not sure of who to ask then feel free to ask me. If I don't know I'll direct you to someone who will, or if you want an idea taken to a committee then I can do this for you, my details are in the back of the bulletin or you'll find me out at the track most speed/race days.

As always, looking forward to seeing you at the Church of Motorsport.

Jason Smith  
#22- Club Captain.

## Bill Mitchell - A Masterclass in Life

A sunny Winters day at Ruapuna Raceway was just the ticket for local Bill Mitchell to enjoy a spin around the track in one of Chris Hyde's 550 HP Race cars last month.

A collaboration between the Canterbury Racing School and TV show Seven Sharp provided an opportunity for the 106 year-old Cantabrian to get behind the wheel again, after he retired from driving just last year. Bill learnt to drive at 10 years of age - that's 95 years of driving experience with only one accident and no tickets. His secret to such a long and clean driving record was to always give thought and consideration to other drivers.

If you missed the episode you can watch it here; [Bill Mitchell.](#)

## Virtual Race Training

**CARLYLE**  
PERFORMANCE LIMITED

## ACTUAL RESULTS

**MOTIONFORCE1**  
PERFORMANCE SIMULATIONS

Carlyle-Performance-Ltd  
0292 632223

Congratulations to Ben Herron on winning the competition for the MotionForce1 simulator experience with Craig Russell from Carlyle Performance Limited. With Ben's experience in gaming, he quickly came to grips in the simulator. The things that Craig was able to zero in on with the simulator driving, ended up being the same bad habits than Ben knows he has in his race car.

With the race season almost on top of us, it's the perfect time for you to be getting in some training in the simulator with Craig. With limited days available for testing on the race track these days, it makes sense to compliment your track testing with simulator testing. With years of experience coaching race car drivers; Craig will be able to refine your skills behind the wheel.

If you are curious or think that some more seat time would be beneficial, give Craig a call or drop him an email to talk about booking some time in the MF1 sim.

[russellcraig@xtra.co.nz](mailto:russellcraig@xtra.co.nz) or 029 275-2585

Sessions are available in 1 hour blocks.

"She's a Beaut" MotionForce1 gets the big thumbs up from Ben Herron.

You could be here! Book a seat in the MotionForce1 simulator to help iron out some of your racing kinks.

## Running motors in and bedding in brakes etc for Canterbury Car Club Members

With test days becoming so busy, we know that it's not ideal to have cars running motors in and bedding brakes in etc at lower speeds, while others are testing at full race speed. Over the coming months we are going to trial a running in and bedding brakes in the style of a half day, once a month, on the A Track. Due to noise restrictions and safety requirements, **these days will be restricted to speeds of no more than 120km/hr. No heavy acceleration allowed.**

Cost to access the circuit on one of these days will be \$40 for a Canterbury Car Club Member. You will need to wear all your normal safety apparel.

**The first two dates that we have scheduled for running in motors and bedding in brakes are:**

**Thursday 26th September 9:00am-12:00pm**

**Tuesday 22nd October 9:00am-12:00pm**

**We need to stress that these days are not for full on testing.**

To make sure that what you intend to do is going to be compliant, we suggest you phone the office on 03 3496003 the day before. It's so important these days are used correctly. If anyone comes out and attempts to do full on testing, it will most likely mean we have to take a Friday test day away from the rest of the members. As soon as we hit the higher noise limit, that counts as a test day gone, so these half days run in/brake bedding in days have to be run at a very low noise.

## Business for Sale

**For enquires call Scott Dufton on 022 535 1165**

Motorsport Rental and Parts Ltd is set up to provide race cars for; track and Targa events, hot laps, corporate track days & driver training. Full mechanical servicing, tooling, spare parts and Targa planning/support services are part of the standard options provided.

The business consists of a rental fleet of 5 specifically designed and built BMW 3 series race cars, that are all fully caged, from an automatic 2.8L E46 328ci to a DCT duel clutch 7 speed 4.0L E92 V8 M3. The business includes a large amount of spares (M-Engines, gearboxes, clutches, guards, bumpers, doors, bonnets, suspension, wheels, tyres etc), tooling (engine stands, hydraulic presses, air compressors, rattle guns, mechanical tooling etc), marketing assets and an established client list.

We have clients lined up to lease the E46 M3 for the up coming Targa New Zealand in October 2019 as well as potential clients interested in the E92 M3 and one of the E46 330's, which will provide instant revenue.

A perfectly suited workshop at Hampton Downs is also available which would be an ideal base for this business. Further details of the individual cars, inventory list and business financials are available on request.

## DriftSouth - Round 1

#472 Brad Knight, Nissan Skyline R32

What a way to start off the new season! A great entry list for round one of Drift South 2019/20 started things off well. New and returning drivers had clearly been putting in the time in the short off season. The style of cars and team presence combined with a sunny spring day set the scene for a great day out.

Great to see drivers heading to drive from the whole length of the country to compete too, travelling to Chch from Invercargill right up to Auckland.

Running the "A Track" in reverse direction for the first time ever really had the drivers thinking, entry style & speed down into the dipper appeared critical to start off a good lap, so the drivers were keen to get out there and practice those entries. An unfortunate accident in practice led to some damaged cars, with one being too damaged to continue, but the pit crews for the other drivers caught up in the carnage managed to fix their cars enough to carry on.

A particularly good effort by the Agile Performance team who got Dan Cleghorn's 70 series Supra back on track to allow him to qualify 2nd in his first ever comp. Just ahead of Sam Dunfoy in 3rd and only outdone by Glen Pupich in his trusty A31 Cefiro who took the top spot convincingly. Other notable effort was another first timer Dave Heywood in 4th with his newly built JZ powered S13.

Battles kicked off with the Immense Motorsport team mates Corey & Cody going head to head after having been tied for 16th place in qualifying, Corey took the win to go through to the top 16. Brendon Fisher was charging hard in his LS powered S14, taking out high qualifier Heywood, and then last season's 3rd place finisher Morgan Rooney.

On the other side of the tree, Zac Palmer and Daniel Swift powered their way through to meeting in the semi final where after a first up re-run, Palmer took the win by a single point. Swift then took out the 3rd/4th place battle to earn his first podium finish.

The final battle was a ripper, the two cars barely able to be separated, but in the end it was finished off by the chase of the day from Pupich to take the win.

A great lineup also came along for the Development Series, with the usual mix of newbies in road cars through to guys who should be in pro. Ashton Anderson took the early lead in the new championship for this class with a close win over Peter Sarchett and Jack Marshall.

With more drivers near finishing off builds, round 2 will be even bigger. Be at Mike Pero Motorsport Park – Ruapuna on October 6th to be part of the action.

Drift Development Series winners (L to R) ; Ashton Anderson (1st), Jack Marshall (3rd), Peter Sarchett (2nd)

## Navigation Rally

**Rounds 1 - 3 Lupp Cup 18/07 - 15/08 2019**

**Round 1 - The CCC Lupp Cup 3 Navigation Rally Organisers; Peter M, Ian & Brent**

Ian says: On our event last night - in the loop around Shands Rd/Weedons Rd triangle, we had a clear intended correct route - which was right, and 3 other possible mugs routes - and we covered all of them - making sure that check codes and signs all worked and the competitors following them wouldn't get lost - just missed checks or got them out of order. We didn't figure on the Pinfold team finding a 4th mugs route!! (Sorry guys - just never thought of that one).

**Round 2 - The Banks Peninsula Trophy Navigation Rally - Organisers; Chris, Barry & Mark**

Comments from Ian: a big thanks for Chris, Mark and Barry for a really enjoyable drive in the country yesterday. With all that the previous weather threw at you, and the amount of route change required - it was still a fun, challenging in places, and thought-provoking event.

I can't believe how the end piece was almost exactly the same - same traps, same roads - as our deleted piece from the other night. A gift to you gents.

**Round 3 - The CCC Club Night Navigation Rally Organisers; Shane, Nathan, Dan, Dwight**

Ian says: Usually, when I play 'morning after quarterback' after an event, and write a short story to you all, I try and find things that happened in the event, and provide further explanation, or a counterpoint view - or something that would try and add value to the sport for everyone. (I try not to pick on any one crew or person, and please believe me when I say that nothing I write is intended to be personal!!) But after last night's piece of perfection - I'm a little lost for words.

For a new crew (even with the experienced checking eye of Dwight) to put together such a perfect event just shows why this crew is winning events more often than not.

These guys gave us a lesson last night. Simple, rulebook CRI - based rallying with nothing complex, and most people still lost 2,3,4 checks. Well done team. Excellent event. We loved the many manned checks (there were in fact no regular time checks), and this meant that you had no chance to fix your timing if you were late.

Many club members may find navigational rallying too difficult, or complicated.

Come along and get some instructional briefing from some expert competitors who will explain the systems behind their success. Those competitors will then come with you in your car to explain 'on the road' why decisions are made, and will help you be more competitive.

Navigational Rallying is fun, and cheap, and is a great way to add another motorsport discipline to your arsenal of points scoring opportunities in the club championships. With many events, and relatively few competitors (currently!) you can pick up easy points. Come along and give it a go.

\$90 per day

(Canterbury Car Club members)

\$100 per day

(Motorcycle Canterbury, BEARS, CAMS)

\$120 per day

(all other MSNZ & MNZ affiliated clubs)

**Membership and race licence MUST be produced at office when signing in.**

Helmet hire \$20 per day

Cotton overalls hire \$20 per day

Annual Track hire card \$700.00

## TEST DAY REQUIREMENTS

The purpose of these days is for the testing race vehicles. Over the past few years we have weaned out the road cars and road bikes, to make these safer for those needing to test their race vehicles.

For those of you with road cars wanting to do some laps, we strongly recommend you go to one of the Christchurch Trackdays events.

To make the process smoother for you when you sign in to a test day, you need to bring the following things with you:

**MembershipCard**  
**Race Licence**  
**Emergency contact details**

Just like when you come to a race meeting, we need you to get into the habit of bringing these along to our test days.

**The office staff need to sight your membership and race licence every time you sign in. It may sound like a bit of a hassle to those of you who have been racing for many years, but it's the simplest way for our staff to know you meet the requirements.**

### View All Dates

Normal test days are Fridays. To avoid disappointment, please take note of the days when the track is **unavailable**.

Due to noise restrictions we are now running only one test day per week, generally on Fridays, for race cars and race motorcycles only. You must have a race licence to attend test days.

It is still wise to ring and check availability before coming to the track.

For track hire details phone our **Office 349 6003**.
